**LEGISLATIVE REPORT NO. 10 – FINAL REPORT**  
**SUMMARY OF LEGISLATIVE ACTIVITIES DURING THE**  
**2021 KENTUCKY GENERAL ASSEMBLY**

Kentucky Farm Bureau was involved in many pieces of legislation this session supporting, opposing, and monitoring bills. We were able to secure passage of several of our priority issues this year. The Kentucky General Assembly passed legislation that provided \$250 million to expand broadband to underserved and unserved areas of Kentucky and an additional \$50 million to secure economic development opportunities for commercial and industrial customers. We maintained 50% of the Master Settlement Agreement Funds to the Agricultural Development Board, the 22.2% allocation of the state gas tax revenue for rural roads and protected our taxation policy. The bills that were passed during this regular session will become effective on June 29, 2021. Legislation containing an emergency clause became effective upon Governor Beshear’s signature or when a bill’s veto was overridden.

The success of implementing your policy depends on the continued involvement and efforts of county Farm Bureau leaders and members. Please accept our thanks for your assistance in making this year’s session a success for Kentucky Farm Bureau.

The following is a detailed report summarizing many of the bills and resolutions in which Kentucky Farm Bureau was involved:

**[HB 320: B. Reed - AN ACT relating to the provision of broadband services, and making an appropriation therefor.](#)**

This bill will appropriate \$250 million to the broadband deployment fund. It will also create a new section of KRS Chapter 278 to allow a distribution cooperative to facilitate the operation of an affiliate
