**LEGISLATIVE REPORT NO. 13 – CORRECTED FINAL REPORT**  
**SUMMARY OF LEGISLATIVE ACTIVITIES DURING THE**  
**2014 KENTUCKY GENERAL ASSEMBLY**

Kentucky Farm Bureau was involved in many pieces of legislation this session supporting, opposing, and monitoring bills. We were able to secure passage of several of our priority issues this year. We were able to secure full funding of the Breathitt Veterinary Center and legislation to address the growing wildlife problem. We were also able to protect many of our other priority issues, such as our policy on property taxes and private property rights. The bills that were passed during this regular session will become effective on July 15, 2014. Legislation containing an emergency clause became effective upon Governor Beshear's signature.

The Public Affairs staff would like to express our sincere appreciation to all of those who responded to our Legislative Action Request concerning various issues each week. The success of implementing your policy depends on the continued involvement and efforts of county Farm Bureau leaders and members. Please accept our thanks for your assistance in making this year's session a success for Kentucky Farm Bureau.

This year is an election year for all one hundred state house and nineteen state senate seats. As the primary and general elections approach it is vital that our organization know how these candidates stand on our priority issues like sales tax exemptions for agriculture and state property taxes (HB 44). The most effective way to discover the position of candidates is to conduct Measure the Candidate Forums. These forums allow us to get candidates on record prior to them becoming elected officials. We can expect the agenda items for the 2015 session of the General Assembly to include state tax reform so it is imperative that we elect candidates that are supportive of our policy on tax issues.

As the General Assembly enters into the interim, we encourage those counties that have yet to conduct legislative appreciation events to do so. We know that several counties have already conducted these events during the session with great success. We also encourage you to invite your Representatives and Senators to your County Annual Meetings and our State Annual Meeting.

The following is a detailed report summarizing many of the bills and resolutions in which Kentucky Farm Bureau was involved:

**BILLS FARM BUREAU SUPPORTED THAT PASSED**

**HB 235: R. Rand, G. Stumbo, R. Adkins, L. Clark, S. Overly, T.
