LEGISLATIVE REPORT NO. 9 – FINAL REPORT
SUMMARY OF LEGISLATIVE ACTIVITIES DURING THE
2017 KENTUCKY GENERAL ASSEMBLY

Kentucky Farm Bureau was involved in many pieces of legislation this session supporting, opposing, and monitoring bills. We were able to secure passage of and defend several of our priority issues this year. The General Assembly passed legislation that will help alleviate continued crop losses and human safety due to automobile collisions. We were able to maintain the continuation of the 22.2% allocation of the state gasoline tax revenue for rural roads and defend our taxation priorities related to property taxes. The legislation passed during this regular session, except for general appropriation measures or those bills with delayed effective date provisions will become effective on, Thursday, June 29, 2017. Legislation containing an emergency clause became effective upon Governor Bevin’s signature.

The Public Affairs staff would like to express our sincere appreciation to all of those who responded to our Legislative Action Request concerning various issues each week. The success of implementing your policy depends on the continued involvement and efforts of county Farm Bureau leaders and members. Please accept our thanks for your assistance in making this year’s session a success for Kentucky Farm Bureau.

There continues to be discussions of a potential special legislative session later this year to address tax and pension reform. Kentucky Farm Bureau priorities for tax reform are maintaining Kentucky’s sales tax exemptions for production agriculture, strongly opposing the freezing of the state’s real property tax rate and supporting the current provisions of House Bill 44 (KRS 132.010) which limits the amount of revenue the state can collect from real property tax to 4% plus new growth. It is critical that members of the General Assembly hear from our members on how important these tax provisions are to production agriculture and rural Kentucky. For a more detailed explanation of these tax provisions [click here](#) for the Kentucky Farm Bureau Agricultural Tax Resource Guide.

As the General Assembly enters into the interim, we encourage those counties that have yet to conduct legislative appreciation events to do so. We know that several counties have already conducted these events during the session with great success. We also encourage you to invite your Representatives and Senators to your County Annual Meetings and to our State Annual Meeting.
